Three Pecan Trees Will Pay the TAXES on your Home

SPECIAL GOLD MEDAL COLLECTION

NOW OUR PAPER SHELL PECAN SPECIAL IS OFFERED IN 3 SIZES. Several years ago, many of our customers asked us for a pecan special offer. We came out the next year with our original pecan special. It was 3 trees, 1 to 3 ft. size, for \$5.00. That special meant a saving of \$2.20 to our customers and thousands of good people bought them. Many, many customers who wanted larger trees at a bargain price have written us—so, for the first time, we offer our Gold Medal Collection in three sizes. We are selecting three of our best varieties: Burkett, Stuart, Giant Mahan, Garner, Success, or Western Schley—those best adapted to your location. Before you know it, these select Wolfe-grown trees will be producing loads of big, delicious paper-shell pecans.

OUTSTANDING VARIETIES — OUTSTANDING QUALITY — MEANS OUTSTANDING RESULTS FOR YOU

An investment in beauty—an investment in pleasure and goodness—an investment that pays you back a thousand fold. Beauty, pleasure, good food, and profit—that is your return when you plant paper-shell pecans.

Adapted and heavy-bearing varieties are the keys to success in growing pecans. The GARNER Pecan is Wolfe's newest and one of its most popular introductions. It is a fat, round nut with a VERY thin shell. Adapted to West and North Texas, Arkansas, New Mexico, and Oklahoma. BURKETT is the well-known round, meaty nut of huge size. WESTERN SCHLEY, adapted to all Texas

is a long, thin-shelled consistent producer of great popularity. SUCCESS, a fat, heavy producing variety is adapted to all sections, including the coastal regions. STUART, the paper-shell with the native flavor is adapted and productive in all areas. GIANT MAHAN, the world's largest pecan, grows in all sections and makes a beautiful shade specimen. These top varieties mean success wherever pecans are grown.

Buy pecans—prove to yourself that money does grow on trees!
